Letter from Orland Township Supervisor Paul O'Grady

Spring Forward: Celebrating Community Engagement, New Initiatives and Our Commitment to our Residents

As we welcome the vibrant season of spring, I would like to take a moment to reflect on our recent community activities and share some important updates that highlight our ongoing commitment to the residents of Orland Township.

This past quarter has been filled with wonderful events that bring our community together. I thoroughly enjoyed witnessing the enthusiasm and engagement at our Feel Fabulous February event, senior luncheons, dinner dances, and volunteer food sorting, where countless residents came out to support one another and enjoy everything our township has to offer. Your participation not only enriches our gatherings but also strengthens the fabric of our community.

In a significant step toward better serving our residents, I am pleased to announce that we have finalized a five-year lease with the Illinois Secretary of State. This partnership will facilitate expanded Saturday hours at our facilities to better accommodate those preparing for the May 7 Real ID deadline. We recognize that this transition period can be challenging, and we want to ensure you have the resources and time needed to obtain your identification comfortably.

For those in need, our food pantry continues to be a vital resource, and we are committed to making it accessible to all. Our newly added Saturday hours once a month are designated also been specifically for veterans and frontline workers, acknowledging your dedication and service to our community. Additionally, we have items specially curated for new moms available at the food pantry, as we understand the unique challenges that come with new parenthood.

I would also like to express my gratitude to everyone who attended our senior listening party. Your ideas and insights are invaluable, and they help shape the future of our township. Thank you for taking the time to share your thoughts and participate in this critical dialogue.

We are proud to be ahead of the curve in addressing the challenges facing our senior population. A recent study conducted by AgeOptions highlighted the financial and accessibility issues that many seniors encounter. Our township is already actively combating this crisis with an array of programs, services, and communication channels specifically designed to reach and assist our senior residents. We are committed to ensuring that every senior has access to the resources they need, allowing them to thrive within our community. Your ongoing support and participation make a significant difference in our collective efforts. I hope this spring brings you renewed energy and a sense of community spirit. As always, I encourage you to reach out if you have any questions or suggestions.

Together, we can continue to make Orland Township a wonderful place to live, work, and grow.

What an incredible evening it was at the 2025 Dancing with the Senior Stars of Orland Township! The atmosphere was charged with excitement as the community came together to celebrate the remarkable talents of our beloved senior dancers. Held at Georgios Banquets on March 6, the event featured captivating performances that reflected the passion and creativity of each of the participants.

Hope & Resilience

Interfaith Food Drive Fills Shelves of Food Pantry

"It is truly uplifting to witness how communities can come together to support one another; in a world where so many face food insecurity, our collective efforts can foster hope and resilience," **- ORLAND TOWNSHIP SUPERVISOR, PAUL O'GRADY**

Parkview Christian Church recently made a remarkable impact during the Interfaith Food Drive, collecting three truckloads of food for the Orland Township Food Pantry over just one weekend. This outstanding effort showcases the church's deep commitment to supporting those in need within the community and demonstrates the incredible spirit of generosity among its parishioners. Generous contributions were also received from the Orland Park Prayer Center, St. Francis of Assisi, St. Michael Church, All Saints Lutheran Church, and St. Stephen Deacon and Martyr. The amount of food gathered and volunteer to assist not only reflects the church's dedication but also serves as a vital resource for many families facing food insecurity.

Parkview Christian Church's contributions are commendable and serve as a powerful reminder of the difference that collective action can make in the lives of others. As part of the Interfaith Food Drive, Orland Township is actively encouraging local residents and religious institutions to join this heartwarming initiative. The goal is to unite individuals from various faiths in a shared mission of compassion and support for those in need. By working together, we can significantly enhance our community's ability to provide essential resources to everyone.

Whether through donations of non-perishable food items or volunteering time, every contribution plays a crucial role in this effort. Let's come together and show our solidarity for those who are struggling. A heartfelt thank you to Parkview Christian Church for shining as a beacon of hope and inspiring us all to contribute to the welfare of our community! Together, we can ensure that no one goes without the support they need during these challenging times.

Orland Township Services Ahead of the Curve Addressing Issues Affecting Our Senior Population

A recent article published by the Chicago Tribune highlights challenges faced by the South Suburban senior population. Citing a study conducted by AgeOptions in partnership with Polco, a company specializing in surveys and assessments for local governments, it was revealed that the senior population faces financial and accessibility challenges living in suburban Cook County.

According to the study, key issues faced by older adults are limited awareness of available services, social isolation, housing concerns and financial insecurity.

"Orland Township has an extensive array of programs, services and channels of communication already in place to combat the issues revealed by this recent study," said Orland Township Supervisor Paul O'Grady. "It is crucial that we work together as a community to ensure that our cherished senior population feels supported and connected."

Awareness of Available Services and Resources

The Township offers several channels of communication in an effort to reach Township residents. In addition to the quarterly Orland Township Focus publications that is delivered by mail to each and every resident and business. We maintain a regular email newsletter to keep everyone who prefers email communication informed and updated about the latest events and new developments. Mailers are used in the form of letters, postcards and notices to remind residents of upcoming services, programs and events available.

Social Isolation

Orland Township has long known that hosting senior programs and events can significantly benefit communities by addressing and alleviating social isolation among older adults.

"Some of the seniors who attend our Supervisor Supper Club events shared that this is the only time they have socialized in months," said O'Grady. "These opportunities are more than a night out, they are a shared social experience that aids in mental wellbeing and promotes camaraderie among community members."

It is well known that regular social interaction can lead to lower rates of depression and anxiety among seniors, positively impacting their overall mental health. Participation in various programs stimulates cognitive functions which can help delay the onset of dementia or cognitive decline.

Financial Insecurity

Orland Township has also, once again, created a program to help find property tax savings for Township residents through their Property Tax Exemption Program. The program is available online at orland.propertytaxfox.com and aims to assist residents in finding property tax exemptions they qualify for as well as helping them obtain refunds for up to four years of previous years' exemptions they were unaware they were owed.

"Orland Township is proud to be ahead of the curve, anticipating and providing the essential services for the needs of our senior population," said O'Grady.

"Without hesitation, seniors in need should contact our offices should they find themselves in need of services. We will always make sure assistance is made available and solutions are found to close the gap."

Please visit orlandtownship.org or call (708)403-4222 for more information and to find events, services and programs to suit your needs.

ARE YOU EXPERIENCING FINANCIAL HARDSHIP?

Orland Township's General Assistance Office may be able to help.

The mission of the General Assistance Office is to provide financial support, information, and referrals to Orland Township residents experiencing financial hardship by addressing their critical needs and helping them to achieve self-sufficiency through two programs.

The **General Assistance (GA)** program is a state-mandated initiative that provides temporary financial support for shelter, utilities, and food to Orland Township residents who are ineligible for other aid and lack sufficient income.

In addition, **Emergency Assistance (EA)** is available once every 24 months, providing one-time financial support for life-threatening circumstances or essential work-related expenses, requiring documentation of the crisis and meeting income guidelines.

Both programs require applicants to prove residency and income, with applications available at the Orland Township office. Residents should call to schedule an appointment for further assistance after obtaining an application.
